

BOSCH

Prototype Coordinator (with German), Engineering Center, Cluj

Strada Constanța, Cluj-Napoca, Romania

Full-time

Legal Entity: Robert Bosch S.R.L.

Company Description

At Bosch, we shape the future by inventing high-quality technologies and services that spark enthusiasm and enrich people's lives. Whether in areas of **Automated Driving, Electric & Connected Mobility, IoT or Connectivity**, our ideas make driving safer and more comfortable than ever before. This is only possible with the help of more than **1000 talented engineers** from Bosch Engineering Center Cluj specialized in software, hardware & mechanics and reliability engineering, who work closely together with other Engineering Centers within Bosch and with Bosch Cluj Plant in order to offer **unique products** and **AIoT** solutions to our clients from around the world.

So, are you ready to **shape the future of the mobility** together with us? Let us tell you more. Our promise to our associates is rock-solid: we **grow** together, we **enjoy** our work, and we **inspire** each other. Join in and feel the difference

Job Description

In the innovative area of Cross-Domain Computing Solutions, you will be ordering benchmarks samples for analyzing the technical, commercial, and market-related characteristics of our products and compare them with those of our competitors.

- You are leading an interdisciplinary project team for Sample Ordering Worldwide (China, Japan & USA) and in regard to Sample Ordering, you are the key account.
- You are analyzing incoming orders for Benchmark Samples and prioritize the orders
- You are searching for VIN or product part numbers in tools like A2MAC1, Iceberg or Partslink24 or direct with the dealer
- You will be discussing results internally with our Benchmark Experts from Project Management or Engineering
- Furthermore, you will place the orders in our Bosch internal Purchasing System and attend the process until the invoice is paid
- You are also responsible within the XC Benchmark office for the Social Business Software Bosch Connect

Qualifications

- Education: completed technical or business study or similar
- Personality: own initiative, flexible and fast comprehension

-
- Operation: structured and target oriented
 - Experience & know-how: working with Excel, Word, PowerPoint
 - Powered by **Fluent in German & English (B2-C1)**
(Data Processor)
