Initial document version at 16-01-2017

We invite submission of research papers in Economics for **ERMAS 2017: the fourth annual scientific conference of Romanian academic economists**, from both Romanian- and non-Romanian speaking economists. The conference will take place within **26-28 July 2017, at the Faculty of Economics and Business Administration (FSEGA), Babes-Bolyai University (UBB), in Cluj-Napoca, Romania**. The submissions will be evaluated and selected by a Scientific Committee composed of Romanian economists with research output recognized internationally. The invited Keynote speakers, as well as all the members of the Scientific and Organizing Committees for ERMAS 2017, are listed on the following page.

Complete information on ERMAS 2017 can be found on the conference websites: <https://econ.ubbcluj.ro/ermas2017> and/or <http://www.econacademia.net/ermas2017.html>; general ERMAS information and a previous editions archive is at <http://www.econacademia.net/conferinta.html> (for English only, <http://www.econacademia.net/english.html>). Submission instructions

Please submit your paper as a single PDF—including on its first page the paper's title, authors' names and affiliations, an abstract of maximum 200 words, a maximum of 3 JEL codes, and a maximum of 5 keywords—as an attachment to your email sent to ermas2017@econacademia.net. The papers can be submitted starting from 17 January 2017. **The deadline for paper submissions is April 15, 2017, 23.59 hours GMT+2 (Bucharest's time)**. If you do not receive a confirmation of your submission in max two-three days, please re-contact us. **Each person can submit one single paper**, although s/he can be an author of other papers submitted to the conference (by co-authors). In the case of papers with multiple authors, please mention once more in your submission email who is the intended presenter. **All papers and presentations will be in English**. Starting with this 4th ERMAS edition, **foreign economists may also submit papers** (in previous editions only Romanian-speaking economists could submit non-invited papers), although **the majority of the contributed presentations is intended to remain by Romanian economists** with affiliations from either outside or inside Romania: the final proportion of presentation slots allocated for foreign economists will be determined by the Scientific Committee—based on the overall distribution quality of papers received for evaluation.
