

A selection of papers that have been presented during the 2014-2017 ERMAS conferences and have been published, forthcoming or are currently under “revise and resubmit” (R&R) status.

Note: We have used [The TI Journal List](#) (updated in November 2016). The number of publications points is determined based on the journal’s four-year mean AIS score between 2012 and 2015. **We have included in this selection all journals with a score larger or equal than 2.**

We kindly ask the authors of those papers that have been recently published but are not included in the list below to let us know about their publication such that we can update the list accordingly.
